

Hi, I'm

SANTIAGO SÁNCHEZ

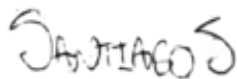

BACK / FRONT DEVELOPER AND SYSTEM ANALIST

PROFILE

I'm Colombian, graduated from the University District "Francisco José De Caldas" in Bogotá DC, Colombia as a System's Engineer (Computer's Cience) with emphasis in Software Engineering and Backend Development.

Since I was very young I worked in multiple jobs, standing out because of my high commitment, performance and enthusiasm. Since 2012 I started implementing my career, gaining great experience in order to provide fast solutions and also learning different languages.
