Hi, I'm

SANTIAGO SÁNCHEZ

BACK /FRONT DEVELOPER AND SYSTEM ANALIST

PROFILE

I'm Colombian graduate of the University District "Francisco José De Caldas" as Systems Engineer (Computer's Cience) with emphasis in software engeenering and backend development.

I worked from a very young age in multiple jobs, standing out because of my high commitment and enthusiasm. For 5 years, i've been totally in my profession and i've gained great experience in different languages and solutions.
